SCI: 73.125

Sire: 27" Daylight

Other info:

Moonlight is a young 26" son of 27" Daylight. Daylight was bred by Sihench (Stephan Naudé) and we chose him for his large 'kol' which is a Sihench breeding trait. This large 'kol' has carried through to Moonlight, in fact it stretches all the way from his shoulder through to his back leg, which proves that this combination of genetics is highly successful.

Available immediately.
